- † Disorder is the order.
- † 68% of data goes unused.
- † Don't put people in the position to fail...because they'll fail.
- † Just in case there are any lawyers in the room, we're not saying...
- † Don't do stupid stuff on bad days.
- † You don't have to believe me, but you might want to.
- † I'd like to do some chin waggin' with ya.
- † Can you play it again? (when watching videos of breaking stuff...)
- † For those who had the honor of holding the clicker... Don't press that button.
Oops. oh no. oh noooo. Aye Yai Yai.
- † Don't eat salmon sushi out of Lake Ontario.
- † We need to figure out how to paint towers with paintball guns.
- † Woodpeckers are increasingly becoming a problem...because we don't shoot them anymore.
- † You're probably too young to remember this, but...
- † I understand we're not being recorded, so...
- † I get to work with engineers. I love engineers.
- † Hopefully I can retire before they find it.
- † California is on the bleeding edge of technology and legislation...sometimes not always for the better.
- † Diligence is key, if you see something strange, do something about it, ask someone in your company.
- † They should have done it, but they didn't do it, so now you gotta do it.
- † It's hard to distinguish who's who in the zoo.
- † We'll end with where we started...
- † Andy's Razor (in philosophy a 'razor' is a principle or rule of thumb applied to 'shave off' unlikely explanations for a phenomenon):
 - A. ____ (fill in the blank) will get better, get worse, or stay about the same.
 - B. ____ (fill in the blank) will increase, decrease, or stay about the same.

Regardless of the trends in A or B, if you remain curious and creative, most challenges and changes transform into opportunities.
